AMA releases 2021 CPT code set - cmadocs

For cervical dystonia, CPT code 64616 was coded once (with modifier 50 for bilateral) as before. For refractory episodic migraine, CPT code 64615 was coded once (and automatically accounts for the bilateral nature of the injections). Because 64616 and 64615 are usually not expected to be billed at the same time, modifier 51 was appropriate to describe an additional procedure being done by the same provider at the same session.
