The user illusion - cutting consciousness down to size —

Tor N \u0219 rretranders writes that "our consciousness is a user illusion for ourselves and the world ... one's very own map of oneself and one's possibilities of intervening in the world." Much of N \u0219 rretranders' evidence comes from comparing the wide bandwidth of experience to the narrow bandwidth of consciousness, and from examining how much of our brain function is never consciously acknowledged.

The User Illusion: Cutting Consciousness Down to Size —

About The User Illusion. As John Casti wrote, " Finally, a book that really does explain consciousness. " This groundbreaking work by Denmark ' s leading science writer draws on psychology, evolutionary biology, information theory, and other disciplines to argue its revolutionary point: that consciousness represents only an infinitesimal fraction of our ability to process information.
