Question: Troy Bilt TB70SS Gas Trimmer mrclean53 I have had my trimmer 4 yrs. and it usually works good. But this year it starts up and dies immediately - will not idle. And if it starts and I accelerate it dies. I sprayed carb cleaner in it 2 times overnite and no help. I noticed the primer bulb doesn't fill with gas as I prime it like it used to. Is the primer bulb the culprit?
